

Nguyen Phat Huy Pham

Graduate Student, Ph.D. Candidate

Contact Information

229 Kildee Hall, Iowa State University, Ames, IA, 50011, USA

Phone: 470-957-0879 **Email:** phamhuy2@iastate.edu

Education

Doctor of Philosophy, Iowa State University, Ames, IA 2024 - Present

Major: Animal Breeding and Genetics

Minor: Meat Science and Statistics

Major Professor: Dr. Jack C. M. Dekkers

Master of Science, Iowa State University, Ames, IA 2023 - 2024

Major: Animal Breeding and Genetics

Thesis: Genotype by environment interactions for reproductive performance in swine

Major Professor: Dr. Jack C. M. Dekkers

Bachelor of Science, Panyapiwat Institute of Management, Nonthaburi, Thailand 2018 - 2022

Major: Farm Technology Management

Professional Experience

GGP Swine Breeder Selector, Charoen Pokphand Foods, Vietnam 2022 – Present

- On-farm data collection.
- Selecting replacement gilts for internal system and customers.
- Providing technical support for farm production.

Teaching Experience

Genetic Improvement of Domestic Animals, Iowa State University Spring 2024 & Spring 2025

Course: AnS 3520, *Instructor:* Dr. Jennifer Bundy

- Instructed weekly lab sections and reviewed course materials.
- Graded homework assignments.
- Junior-level (3 credits), 38 students per lab (required course).

Awards and Honors

- Graduate Student Travel Award, National Swine Improvement Federation (2023, 2024).

Professional Affiliations

- Gamma Sigma Delta (The Honor Society of Agriculture)
- Animal Breeding and Genetics Student Organization (ABGGSO) 2023 - Present
- Association of Graduate Animal Scientists 2023 - Present

Research and Publications

Publication

- **Huy N. P. Pham**, Robert A. Kemp, Anna Wolc, Jack C. M. Dekkers. Genotype by environment interactions for reproductive performance of North American purebred sows between North America and Southeast Asia. *Journal of Animal Science*, Volume 103, 2025, skaf191. <https://doi.org/10.1093/jas/skaf191>

- **H N. P. Pham**, Fazhir Kayondo, Kyu-Sang Lim, Christopher Tuggle, Michael Dyck, PigGen Canada, Frederic Fortin, John Harding, Graham Plastow, and Jack C. M. Dekkers. Module eigengenes from weighted gene co-expression network analysis of blood of healthy pigs as potential genetic indicators of disease resilience. Manuscript accepted for WCGALP, 2026

Conference Presentations & Seminars

- Genetic Parameters of Landrace and Yorkshire Sow Reproductive Traits in Asian Herds. Poster presentation at National Swine Improvement Federation, St. Louis, Missouri, October 2023.
- Genotype by Environment Interaction for Swine Reproductive Performance: A Comparative Study between North American and Southeast Asian Herds. Animal Breeding and Genetics Seminar, Iowa State University, April 2024.
- Genotype by Environment Interaction for Reproductive Performance of North American Purebred Sows Between North America and Southeast Asia. Poster presentation at National Swine Improvement Federation, Nashville, Tennessee, November 2024.
- Causal Structure of Carcass and Meat Quality Traits in Crossbred Pigs. Poster presentation at National Swine Improvement Federation, Kansas City, Missouri, October 2025.

Abstracts

- **Huy N. P. Pham**, Bob Kemp, Jack C.M. Dekkers (2023). Genotype by Environment Interactions for Swine Reproductive Performance: A Comparative Study between Asian and North American Herds. *Proc. National Swine Improvement Federation 2023*.
- **Huy N. P. Pham**, Bob Kemp, Jack C.M. Dekkers (2024). Genotype by Environment Interaction for Reproductive Performance of North American Purebred Sows Between North America and Southeast Asia. *Proc. National Swine Improvement Federation 2024*.
- **Huy N. P. Pham**, Jack C.M. Dekkers (2025). Causal Structure of Carcass and Meat Quality Traits in Crossbred Pigs *Proc. National Swine Improvement Federation 2025*.

Ongoing Research

- Causal relationships between growth, meat, and carcass quality traits.
- Module eigengenes from weighted gene co-expression network analysis of blood of healthy pigs as potential genetic indicators of disease resilience
